To whom it may concern

I was tutor of Dr. Marco Teli during his 5 years residency at the University Hospital of Varese, Italy, University of Pavia, from 1995 to 2000.

During that period Dr. Teli demonstrate to be a very smart, willing and clever resident.

He appeared gifted in clinical and surgical practice and in research.

I can confirm his surgical activity in the Hospital of Varese, University of Pavia, from 1995 to 2000 reported in his CV from page 1 to 99.

Dear fellow,

Concerns: Fellowship of the European Board of Orthopaedics and Traumatology

I consider it as an honour and a pleasure to have the privilege sending you the Diploma of your Fellowship of the European Board of Orthopaedics and Traumatology after the successful examination in Rhodes.
You belong to the first group of Fellow. From now on each year another Fellowship Examination will be organised. I hope your example will be an incentive for many other colleagues and I will be very grateful if you would encourage colleagues in your environment to apply for the examination.

Once more I like to congratulate you with your Fellowship and for the near future I wish you a Merry Christmas and a Happy New Year.

Kind regards,

Dr. M.T.C. Speckaert

To Whom It May Concern

Ref.: MARCO TELI

Dr Marco Teli has been an examiner for the European Board Fellowship Examination (EBOT) for the last 8 years. He has been a Spine Examiner and during this period Dr Teli has shown to be a very professional doctor, very well read, updated with the latest technologies but also with a very solid basis in spinal pathology that is able to examine in all the different areas.

Both myself as the chairman of the EBOT Exam, as most of his co examiners has been pleased not only with his professional standards but also with a very pleasant attitude towards the other examiners and towards the candidates presenting to this fellowship examination under very stressful conditions.

For these reasons I would recommend Dr Teli as a very professional surgeon, very high standards of training and a member of a team that we would all want to have

Yours sincerely
